

**If you want a stress-free, well-priced, top-quality job then see Liz!**

Liz did my makeup for my wedding day. She also did my Mum and my two sisters' makeup (they were bridesmaids). I was very apprehensive about someone else doing my makeup. It was my first time! However, soon into my makeup trial I realised she was a **true professional** and I knew I wouldn't have to worry about the makeup not suiting me. It was enjoyable and relaxing.

She also shaped our eyebrows. We were all in shock at what a perfect job she did and agreed this was **the best eyebrow wax ever!** I used to go to a leading beauty salon and my eyebrows would always end up too thin and in the wrong shape. Liz made them look natural and feminine.

Liz first asked a series of questions about my skin, what colours I like, my usual makeup style etc. She considered what undertone my skin was so the makeup would suit me and even prepared my skin with some of her products. **Liz looked at every aspect – it was amazing!**

Liz used top quality makeup and special techniques to keep my makeup looking fresh until the end of the day. **She chose a foundation which wouldn't cause my skin to reflect badly when photos were taken.** Also, after all my makeup was applied she used this special spray to ensure my makeup wouldn't budge.

**For my makeup trial Liz offered to use a warm colour scheme on one side and a cool colour scheme on the other side so I could choose.** I could have just had a normal trial but I thought it was a great idea and I have no regrets about my final choice because I'd seen both options.

On my wedding day I was on a boat that sailed around the harbour before the reception and high winds and salty water were sprinkling on my face and I got really worried about how the makeup would be afterwards. **Amazingly, even after high winds and salty water, my makeup looked great!**

**On the morning of the wedding Liz calmly and methodically set about doing makeup for us 4 girls. She was again so professional.** We were going to sit and get our makeup done under artificial light but Liz found a spot near the window. This was so the makeup was done to suit the ceremony at 2:30pm, which was in natural light.

**Liz is such a lovely friendly person and is very talented at what she does. I recommend her to everyone!** Thankyou for doing such an amazing job for my wedding – I am very lucky to have stumbled across your site!
